

## Year 4 Autumn newsletter

In Year 4 our topic this half term is 'Sparks Might Fly'. We will be learning about electricity and how it is used. We will be looking to apply our skills towards half term when we will be designing and making a product with an electrical component.

We have a really exciting element which the children will really enjoy this term. On a Monday they will be taking part in a Whole Class Ensemble, learning how to play a brass instrument, taught by the musician Mr. Vincze.

On a Wednesday we will be having our weekly spelling test and receiving the following week's spellings, look out for them in the planners. The planner will be an important tool for your child and should come to school every day please!

Our First RE topic is 'People', followed by a week looking at the Jewish faith, before moving on to the topic 'Called' and then 'Gift'.

PE is on a Tuesday afternoon and it is important that the correct kit is in school. We are fortunate that we will be supported in our lessons by Miss Taylor who is helping out in PE lessons throughout the school. We will be beginning revising ball skills and taking part in team games.

French lessons will be on a Monday morning.

We look forward to sharing a successful term together, and as always, if you have any questions or concerns please to not hesitate to contact me.

Thanks, Mrs Fairlamb
