

Year 1 Fire Service WOW Day

For our new topic, on the Great Fire of London, Year 1 had a visit from the Leicestershire Fire Service. Michael taught us what to do if our clothes caught on fire... STOP, DROP and ROLL. We learnt some actions to help us to remember the rhyme.

We also learnt what to do if we heard our smoke alarms going off at home. We practised shouting "Fire!" and crawling to an adult so that we wouldn't breathe in any smoke.

We were lucky enough to have a visit from the fire engine and the children all enjoyed looking inside the lockers at the different equipment the fire fighters use.

We got to sit in the fire engine and pretend that we were being called out to a fire!

In our History lessons we will now be looking at the similarities and differences between fire fighters now and in 1666.
