Careers Week Special

Dear Families

Last week saw our first Careers Week. I thought you would like to know about the visitors who came to speak to the children about their work.

We started the week with two managers from a local McDonalds restaurant. The pupils were very interested in learning about the tight targets that employees have to deliver truly fast food.

In year 1 and 2 Mr Monk, a sound engineer who specialises in creating audio books, talked about his work and helped pupils create their own audio books.

We had several police officers and a fire fighter who showed pupils how they protect the community. One of our midday supervisors talked about how she enjoys her work helping children.

Key Stage 2 loved the visit from the Vet students. This was a workshop which showed pupils what is needed to become a vet and the different aspects of this varied career.

Careers Week Special

We had visits from a personal trainer and a soldier talking about their very active careers.

We had visits from people working in business. Years 3 & 4 had a visit from Mr Nadal and Mr Tideswell who talked about their lives in science.

We finished the very exciting week with a visit from the Anglican Bishop of Loughborough, The Rt Revd Guli Francis-Dequani who talked about her work and vocation to a very interested year 5 & 6.

I would like to express my thanks to all visitors who took the time to come and talk to the children about their work.
