Part A: Pupil premium strategy plan

Statement of intent

It is our intention that disadvantaged pupils make at least the same progress as non-disadvantaged pupils and that they attain the same expected standards. Our strategy aims to eliminate, or at the very least diminish, the barriers to achievement that some children experience in their lives. Our school improvement plans always include consideration for disadvantaged and vulnerable, including those pupils with Special Needs or Disabilities (SEND).

We know that sometimes disadvantaged pupils also have SEND and we work hard to identify, and then adapt, our provision for individual pupils according to their needs. We work with a range of external agencies including mental health support, education psychology, admissions & inclusion and autism outreach.

Our ethos and our mission is one of inclusion and that means we can provide some financial support so that children can take part in wider opportunities offered by the school and in the community. These include music and sporting activities in school and outside of school as well as some support for residential trips.

We know that many disadvantaged pupils sometimes have to cope with difficult life circumstances. Our school community supports by giving individual help when needed through our Emotional Literacy Support Assistant (ELSA). The equalities, anti-bullying and behaviour policies which underpin the ethos of the school and are part of our Catholic values. The personal development curriculum is important to teach pupils how to self-regulate, understand the world around them and develop into rounded, compassionate young people. We aim to equip all pupils with the confidence, and knowledge to make good and positive choices as they grow up. This includes navigating the modern world, including the online world.

Our strategy is primarily focussed on Quality First Teaching for all pupils. To that end, we have used funds to secure a teacher in every year group and avoid the disruption caused by yearly mixing up of children into cross-year or key stage classes.

Our curriculum is carefully planned so that learning builds on existing learning year on year and our leaders monitor this very carefully.

Alongside this we know that children have gaps in their knowledge and so we use targeted support and interventions to help close these gaps. By carefully assessing children's learning, we can find these gaps and put in additional tuition, either one-to-one, or in very small groups.

Sept 2024 update:

Our original strategy focussed on using the majority of the PP funding to pay for an class teacher to avoid mixed aged classes. However, for 2024-25 this has become unavoidable due to changes in staffing and there is a mixed class in Y5/6. PP funding is now used to provide teaching assistant support for this class and others in the school.

Sept 2025 update:

Budget constraints continue and this has resulted in the creation of mixed classes y1-y3. The majority of the funding I continues to be spent to support pupils directly in the classroom particularly in small groups. The ELSA is an important part of the strategy to provide support with behaviour, emotional needs and attendance.

The school continues allocate funding for uniform and school trips to ensure that all aspects of school life are available to the full for all children.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Disadvantaged pupils, although they make positive progress by the end of KS2 this do not always reach the same levels of attainment as non-PP pupils. This could be because of a number of socio-economic reasons such as parent and carer education, home circumstances or other family need.
2	Some disadvantaged children also have additional learning and/or emotional needs. Some have also turbulent family circumstances as well as additional needs.
3	Lack of resilience, independence and learning strategies eg dependence on adult support, well-being and engagement with learning, particularly those pupils with additional learning needs. For younger pupils, they were disadvantaged by not having the full experience of pre-school and so they have lacked socialisation and play opportunities before attending school.
4	Low attendance from some families, data shows that many of persistent absentee pupils are also disadvantaged. Although much work has been done to support families during and after the pandemic, regular habits of coming to school on time are not yet fully established with all pupils.
5	Low levels of language ability as pupils come into school, compared to previous years.
6	Lack of wider cultural experiences

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<i>Add or delete rows as needed</i>	
Improve the attainment and progress of disadvantaged pupils	Disadvantaged pupils are in line with non-disadvantaged pupils in respect of expected progress in Reading, Writing & Maths Attainment in writing to be particularly raised
Improve attendance for disadvantaged pupils by reducing by 50% the number of pupils with persistent absence	Disadvantage pupils to have at least the same attendance as non-disadvantaged pupils. This is well above national for 24/25
Children have greater resilience, increased confidence about their learning and are supported to overcome barriers	Teachers report good attitudes to learning and increased resilience in the face of challenge. Children with specific barriers including, emotional or learning are supported. Includes resilience in writing Improvement in writing resilience 24/25
Children take part in all aspects of school life	50% of disadvantaged pupils will take part in after school activities including sports and games. Achieved & exceeded 24/25
Pupils have rich and wide cultural education and experiences.	All pupils including disadvantaged attain the same as non-disadvantaged in subjects such as Latin, music and art. All pupils have opportunities to take part in extra cultural experiences. Achieved 24/25
Improve early language skills	Increased numbers into pre-school to ensure more disadvantaged pupils are 'school ready' for entry into F2 Achieved 24/25, Pre-school was full in Pentecost term

Part B: Review of outcomes in the previous academic year 2024-25

Pupil premium strategy outcomes

This details the impact that our pupil premium strategy on pupil outcomes.

<p>KS2 Outcomes (provisional)</p> <p>This was a small class of 15 pupils with 40% of pupils with SEND including 2 EHCPs. One pupil did not sit the tests as they were working below the level of the tests, however they are still included in this data.</p> <p>There were 6 PP pupils (40%).</p> <p>Reading scaled score: PP pupils 106.2 (non pp 103.1)</p> <p>Maths scaled score PP pupils 100.0 (non pp 102.4)</p> <p>GPS scaled score PP pupils 100.4 (non pp 101.6)</p>
<p>Cultural Events:</p> <ul style="list-style-type: none">• Royal Opera House lesson for all pupils in y4• Visit to live orchestral concert at De Montfort Hall for all pupils in KS1 & KS2• Visit to secondary school to watch production• Tree planting in local woodland <p>100% of PP pupils attended at least one cultural event</p> <p>After school sports events & fixtures</p> <p>This has been a very successful part of the PP with a focussed drive to encourage PP participation. We have targeted specific pupils and tried to remove barriers including transport.</p>
